A strategic partnership for adult education

RESULTS PILOT PHASE 2

From July 2021 to January 2022, the consortium implemented the second pilot phase with its audience. Thus, 670 adult learners tested 12 BBU activities.

The aim of the activity tests was to collect feedback to improve the content of the BBU manual, including learners' reactions and suggestions from adult educators. To this purpose, at the end of each activity test, adult learners filled in an evaluation form. In addition, the adult educators briefly answered some questions.

The most general positive feedback was that the playful and original character of the [BBU methodology](#) encouraged the participants to get involved with enthusiasm. For all of them, the activity allowed a better understanding of the targeted skill. The adult learners were able to link the activity to the professional context and their current job and/or internship search. Now, the 12 BBU activities will be updated to reflect all the comments and suggestions collected!

TPM FRANCE 24-25 MARCH 2022

On 24 and 25 March 2022, the consortium met in Bordeaux, France. This 4th Transnational Partnership Meeting was an opportunity for the partners to discuss about the evaluations and feedbacks of the pilot phase 2. Hosted by Ligue de l'enseignement Nouvelle-Aquitaine, the partners worked on the final report of the evaluations carried out by the adult learners and adult educators who tested the 12 BBU activities. The data from the report will allow the partners to modify the handbook, to improve the BBU methodology: to make it more relevant and appropriate for adult learners. The consortium also discussed the implementation of the multiplier events, as well as the upcoming communication actions. The project is becoming more and more concrete! The consortium is looking forward to presenting its BBU methodology manual to you!
